SHANGHAI and GAITHERSBURG, Md., Sept. 13, 2021 /PRNewswire/ -- I-Mab (the "Company") (Nasdaq: IMAB), a clinical stage biopharmaceutical company committed to the discovery, development and commercialization of novel biologics, today announced that I-Mab will be added to the following FTSE ESG (Environmental, Social and Governance) Index Series, in addition to the FTSE Global Equity Index Series ("GEIS"). The inclusions below will become effective after market close on Friday, September 17, 2021:

I-MAB
BIOPHARMA

- FTSE Emerging ESG Low Carbon Select Index
- FTSE Asia ex Japan ESG Low Carbon Select Index

I-Mab strives to be a global leader in ESG standards and practices. In addition to bringing innovative therapies to global patients and creating value for shareholders, the Company has made high corporate governance standards, diversity and inclusivity, green operations, sustainable development and transparent disclosures an integral part of its long-term corporate strategy. In July 2021, I-Mab was granted a BBB rating, the highest newly initiated rating among China-based biotech companies, by the MSCI ESG assessment. In August 2021, I-Mab established a new majority independent ESG Committee to set overall ESG strategies for the Company and supervise the implementation of day-to-day ESG workflows by a cross-functional ESG working group.

"Inclusion in the FTSE ESG Index Series is a strong validation of our track record to promote ESG best practices in our daily work," commented Mr. Jielun Zhu, Director and Chief Financial Officer of the Company. "I-Mab has now been included in the major equity indices around the globe, including the NASDAQ Biotech Index, the MSCI China All Shares Index, and the FTSE Global Equity Index ("GEIS") and FTSE ESG Index Series. On the heels of being added to the FTSE GEIS, this latest index inclusion will further enhance our capital market profile and raise investor recognition."

FTSE Russell is a global index leader that provides innovative benchmarking, analytics, and data solutions for investors worldwide. The FTSE Russell's ESG ratings measure the overall quality of a company's management of ESG issues and are comprised of an overall rating that breaks down into 3 pillars including Environmental, Social, Governance and 14 themes including Biodiversity, Climate Change, Pollution and Resources, Supply Chain, Water Security, Customer Responsibility, Health and Safety, Human Rights and Community, Labor Standards, Supply Chain, Anti-Corruption, Corporate Governance, Risk Management, and Tax Transparency, built on over 300 individual indicator assessments that are applied to each company's unique ESG risk exposures. It is designed to align investment and ESG objectives into a broad benchmark.
